Introduction to Sure Betting\n\n You place a bet covering all outcomes of the match, which is easy  
when using a sports betting software, and are guaranteed a profit no matter how the match ends.  
These sure betting situations happen regularly, thousands of times every day.

To calculate a surebet, you first need to find the implied probability of each outcome, which can be  
found by taking the reciprocal of the odds. Then, add the implied probabilities of both outcomes. If  
the sum is less than one, you have a surebet opportunity.
