One of the best feelings in poker is when a player flops the nuts. This windfall opens up a range of betting and money-making strategies. Every player wants the nuts.

To a person completely unfamiliar with poker, flopping the nuts probably doesn't sound appealing. It always catches new players by surprise when someone says it at the poker table.

However, for poker players, the nuts (or the "nut hand") is the strongest possible hand in a particular situation. The nuts is an unbeatable hand. It means that no other player could have a better hand, considering the cards dealt to each player and the community cards on the board at a given time.

Players in high-low split card games, as in Omaha, use a version of the term as well. The nut low is the best possible low hand in a certain situation, and the nut high is the best high hand. Things can go even further with a nut-nut hand, which is a collection of cards that makes the best low and high hand at the same time.
