There is no trick to Russian roulette; It's just a random game where the player has a one in six chance of being killed. The only way to win is not to play. Russian Roulette is a game of chance in which a player bets on which chamber of the revolver will contain the bullet when the trigger is pulled.

Russian Roulette, the game you play with a revolver that you have a 5/6 chance of survival, 1/6 chance of being swept up with a broom. No, in fact it's illegal and is usually a form of torture.

Roulette

NetEnt's Live Roulette can be played as a European or French variant. Either way, graphical representation of the betting table will occupy the bottom part of the screen, with TV-quality video positioned above. Camera automatically zooms in while spinning action takes place so that you can easily follow the movement of the ball and see the outcome. One can also activate full screen mode for a more immersive experience. Players are allowed to place bets even while the wheel spins and can see those placed by other participants, just as they would in a brick-and-mortar gambling venue.

Automatic Roulette

Live Automatic Roulette is also played with a physical reel but there's no dealer to spin it, while VIP Roulette features high wagering limits suitable for high rollers. Live British Roulette is guaranteed to appeal to UK casino fans since the dealer is a native (British) English speaker and therefore not only easy to communicate with, but also enhancing the impression of playing at land-based UK casino.

Blackjack

Live Blackjack, seating 7 people, is your standard Blackjack game where dealer stands on all 17's, player can double down on any two initial cards, and split once. Insurance is offered when the dealer's up card is an Ace. Live Common Draw Blackjack will allow hundreds of players to participate in the game at any time. All else is identical to playing the 7-seat version, except there's only one betting spot at the table which is used by everybody. As you can imagine, not all players will be making the same decisions and while some might choose to draw, you could be opting to stand. It's interesting to see the popularity of each of the options demonstrated by a bar graph shown on right side of the screen. NetEnt's Live Blackjack is also available as a VIP variant with higher betting limits.

Rocket Roulette by NetEnt

Though the “Rocket” part of the name is intended to convey game speed, the whole design has been adapted to fit the theme of space travel. Dealer dressed in a uniform stands in front of the background fashioned to look like the inside of a spaceship, with a window offering a view of the Earth from high above. The goal of the game, however, is for players to benefit from shorter betting times and quicker payouts. Rocket Roulette features spin-to-spin time of 42 seconds vs 48 seconds of the regular variant.

One element which makes NetEnt’s speedy Roulette variant completely unique is the opportunity to join in the action for free. That’s right, your cash balance could be zero and you’ll still get to play! Players are given “fun” balance which refreshes automatically once it gets depleted. You won’t be able to do it forever, though; there is a defined number of play-for-fun game rounds one can use. Still, this is a fantastic opportunity to experience live gaming completely risk-free, so make sure to take it – especially if you’ve never placed a bet while facing live dealers via your computer screen.

NetEnt Mobile Games

The provider claims their mobile portfolio, marketed under the name of NetEnt Touch, was designed in close collaboration with players, using their insights, needs and demands. Launching their live games on an iOS or Android mobile device is likely to convince you it really was the case. Players can enjoy Live Roulette in either landscape or portrait mode, and even when choosing the latter on smaller smartphones, it’s equally easy to follow gameplay and wager. Live feed positioned on top is enlarged or shrunk with a simple movement of a finger, and bets are conveniently placed by scrolling over the betting table. When camera zooms in on the reel, you’ll clearly see the slot the ball lands into. Mobile Live Blackjack looks almost identical to the game’s desktop version, with table statistics and on-screen history displaying the dealer’s last 10 hands.

NetEnt vs Other Providers

In terms of quality of their Live Casino offering, NetEnt scores high marks. Everything works in line with expectations, user-friendly interface makes gameplay hassle-free and enjoyable, betting limits are generous enough to accommodate most bankrolls, and dealers are well-trained and likeable.

However, selection of games is still quite limited compared to the likes of Evolution Gaming and PlayTech, though that’s not a huge surprise seeing how late the provider has entered the battle field. Even if we’ve not seen any hugely creative executions in most of NetEnt’s live games, Rocket Roulette has delivered something unheard of on the live gaming scene – opportunity to play for fun. There might be other surprises brewing in NetEnt’s kitchen and we’re looking forward to seeing a few in not-so-distant future.
