Football

Football is the default sport shown when clicking on the 'Browse Sports' menu button, due to the general popularity of among punters. The first few rows give punters access to the top leagues and competitions around the world. Additionally, a list of all the covered countries, tournaments and leagues is displayed underneath in alphabetical order.

Once in a specific league, a table will instantly appear on the right side of the screen with statistics covering the matches played, wins, draws, losses, goals, and most importantly, points. Inside the fixtures themselves, UK bettors are offered a plethora of markets to choose from, a number that increases with the significance and popularity of the given game.

Horse Racing

The area is likewise well-represented. The dedicated page is organised into three sections: Next Off, Meetings, and Ante-Post, providing bettors more options for navigating the various markets and meetings.

After digging deep into a meeting, a racecard for every individual race is displayed. A little toggle shows a wealth of information about each race and horse, including the course type, distance, jockey, trainer, weight, and form.

Cash Out

The Feature at LeoVegas lets players cash out an unpaid bet at its present value. This gives bettors more power over their gambling activity and is ideal for those who want to limit their losses, ensure a profit, or simply avoid having to wait until the end of a game.

Bet Builder

Punters can

use the Bet Builder to create their own unique bet. In the same wager, bettors will be able to merge up to 12 distinct outcomes from the very same event, such as the winning team, the number of goals, corners, goalscorers, and tons more.

Betting Slip

An interactive betting slip will appear at the bottom of the screen as soon as bettors begin making their selections. It's separated into three sections: Singles, Combination, and System, allowing bettors to experiment and assess the various permutations' potential outcomes. Adding and removing options is a breeze. The total odds are shown at the bottom of the bet slip, and look for the green marker that indicates whether or not the cash out function is available on that particular wager.

In-Play Betting at LeoVegas

LeoVegas offers UK bettors the ability to bet on the majority of sports, including football, tennis, basketball, e-sports and others.

On the main sports page, scroll down to the in-play section to view all the ongoing events. Once inside the in-play area of a specific match, you can evaluate various statistics, as well as a live animated timeline with continuous live updates, a variety of betting options, and a live scorecard.

Live Streaming

is available at LeoVegas. We were advised that this is offered only on 'selected sporting events'; however, we came to notice that both horse and greyhound racing are extensively covered. Keep an eye for a small orange video icon that indicates if live-streaming is available for a specific event.

LeoVegas Sign Up Process

It has never been easier to create an account at LeoVegas. To start with, those who already have a LeoVegas Casino account can use it to access the sportsbook product. For punters who are completely new, click on the green 'Open Account' button on the top-right corner of the screen. The rest of the process will go as follows:

Choose a Welcome Offer from the left side of the pop-up menu. Fill in your name, surname, email, and phone number. Create a new password and set your marketing preferences on the same page. In the next step, enter your home address, gender and date of birth. Click 'Submit and Finish' to wrap up the process.

After that,

we recommend completing the verification process right away. All licensed operators would now expect players to be verified, and we'd be troubled if they didn't.

Simply

follow the on-screen instructions either through the 'My Account' area or via the confirmation email received after registration.

LeoVegas User Experience

LeoVegas has a modern website design with eye-catching orange and white colour scheme. The front section of the gambling website provides quick access to all major fields of interest.

The platform is rather easy to use, making it an excellent option for individuals who are new to online betting. The ability to effortlessly transition from sport to sport is very remarkable from the user's standpoint.

Unlike some other online

sportsbooks, LeoVegas does not list its sports on the left side of the page while bombarding you with endless sub-menus. Instead, when you enter the sportsbook section of the website, only the 'Live' and 'Upcoming' events are shown.

If you're not looking

for live games, you can pick your sport and league at the top of the page, then simply select between the available Events and Outrights. Overall, this layout makes things easier to find while also speeding up the wagering process.

LeoVegas Mobile Betting

App

LeoVegas bags multiple prizes for mobile betting, so there's only one way this can go. The platform is accessible via a mobile-friendly website as well as a dedicated app. The latter is the primary choice for most bettors, as it offers a sleek design, friendly UI and an ultimate betting experience, making it one of the out there.

While

iOS users may get the app from the App Store, Android users must download it from <http://android.leovegas/>. You may place bets on the move with the LeoVegas app without needing to access a laptop or desktop computer. You'll get the same special deals as on the main site, as well as the most up-to-date information on future sporting events.
