A Multi bet allows you to combine many Fixed Odds selections into one bet, from a minimum of two, up to a maximum of 25. Each selection within a Multi Bet is called a leg. The total odds are calculated by multiplying the odds of each leg together. For example, if you bet on two selections with odds of 2/1 and 3/1, the total odds would be 6/1. Multi bets are available for single events and across different events. However, Multi bets are not available for live events or events that are not yet started. Multi bets are also not available for bets that are not yet placed. Multi bets are only available for single Same Game bets. If your SGM is in a multi, you will be unable to cash it out.
