Casey, please give us a brief overview of your background and involvement in sports betting. Sports betting has been a part of my life for over 10 years now. I started as an enthusiast, placing bets with my friends and family, and it gradually grew into a full-time job. I've worked with various sportsbooks, both offline and online, and have been closely following the industry's development. I'm excited to see how far it has come and where it's headed.

Wonderful, Casey. Sports betting has become increasingly popular in Brazil in recent years. What do you think is driving this growth?

Without a doubt, technology has played a significant role in the growth of sports betting in Brazil. The ease of access to online betting platforms, as well as the variety of sports and leagues available, has made it more appealing to Brazilian sports enthusiasts. Additionally, the convenience of mobile betting apps has made it easier for people to participate in sports betting while on the go.

Another factor contributing to the growth is the increase in trust and confidence that Brazilians have in online sports betting platforms thanks to strict regulations and licensing authorities.
