How to play chess online for free?

We tried to make the user interface clean and playing the game as intuitive as possible. Below you can see a short description of user interface, controls and their functions.

Homepage

Homepage is divided into the following parts:

the chessboard – on the chessboard you can see randomly chosen live game the games offer list – on the right from the chessboard, there is the list of games which the players join or to which they can also publish their own game offer by using the button Create game control buttons PLAY NOW – after clicking this button, a game from the games offer list is randomly chosen. In case there is no game offer available, the system creates and publishes the game offer for the user. – after clicking this button, a game from the games offer list is randomly chosen. In case there is no game offer available, the system creates and publishes the game offer for the user. Invite a friend – this serves for inviting friends via e-mail or social networks. It is possible to choose between standard variant or chess 960 (Fischer random chess), whether the game will be timed and what the tempo will be, color of the pieces and whether the game will be rated or not (rated game influences the rating of the user. Please note, that rated games can be played only by registered users. After setting the parameters by clicking the button Create game a menu with unique link to the game will appear, and the first person to visit this link will play the game against you.
