Ainda não reservou suas férias de verão? Veja essa oferta misteriosa

Novamente, o verão está aqui e eu esqueci de reservar minhas férias. Não sei como vocês fazem, com seus diários e datas, e seus estipêndios e pix betway organização do gato, e seu saber o que querem antes de quererem. Não é que não deseje o suficiente. Eu desejo mais do que o suficiente. Meu relógio interno de férias começa a marcar no inverno, uma fantasia de praias e peixes recém-pescados, mas à medida que o relógio continua, o resto de mim permanece estático, paralisado pix betway indecisão e falta de imaginação.

Isso, percebo agora, deve ser quando o resto de vocês está reservando seu tempo livre do trabalho, rolando suas casas para alugar perto do mar, negociando qual grupo de seus amigos

you can live for a week without turning the table of old relationships, negotiating with the children of your friends you can live for a week without... better not to say. Well for you. Well for you.

While I am desperate now to find a place to take my family during school holidays, I find myself every time more attracted to something online called *Férias Misteriosas Ultimas*. Maybe you have seen, maybe you have heard its subtle pix betway its dreams pre-sleep, maybe you have opened the door just a little, just to find its mysteries haunting its dreams remembered too. *Férias Misteriosas Ultimas* is a pix betway option on a popular site of coupons where, alongside composters and creamy teas, you can buy "*Férias Misteriosas Ultimas* starting from £99pp."

Continues: "*Férias* include Bali, Mexico, New York, Dominican Republic, Iceland, Italy, Egypt & Mais!" The first time I saw this online, I suppose, with my worldly cynicism acquired over a long life of errors, that if I had bought a coupon, I would have known, passing two weeks pix betway in a resort little known "*& Mais*". But I continued to find it on the site, just, I said to myself, for a little look. City breaks were there, pix betway Rome and Porto, beach holidays too, pix betway Cyprus, Malta, the {img}s are of oceans indistinct turquoise, scattered with Polaroids of false pyramids and sand. The worst that could happen, I began to ask myself, my finger hovering above the buy button now.

The worst that could happen, I began to ask myself, my finger hovering above the buy button now

This cynical part of myself would then, pix betway in my low zumbido exhausted, and list all the worst, pix betway random order, from the apartments auto-accommodation next to treatment stations of sewage to the romantic pix betway conflict zones, to the buffet breakfast made exclusively of ham, and a turbulent plane that is standing room only, arriving at 4h in the morning pix betway in a resort of holidays built in a hurry by young slaves. I chose to faint at some point and think not only of the beautiful beaches or accessible wine, but of the real present of *Férias Misteriosas Ultimas* (a present that you receive even if you end up being kidnapped by, let's say, the local children whose families were ruined by illegal hoteliers) that is, that the decision is taken from your hands. Certainly it is worth £99 on its own.

The world is big and holidays are short – yes, you could go back to the sweet home of guests in North Wales where you had that lovely week pix betway 2003, you could do this and that, and you would be well, but never, let's be honest, you will recapture the first shock of the beauty of your scenario, that first feeling of quiet lust that you discovered pix betway in your yellow room, youth.

Yes, you could fly to that Italian island where your friends talk constantly on Instagram, but, finally, excuse me, honesty – you are not built with the same joy as those friends, you do not have the same wallets, you are not capable of running pix betway in a bikini without excusing yourself noisily. And if you want to go on holiday with friends, first you need to guarantee that you have at least one friend who has patience and the particular skill to organize these holidays.

Not just to arrive at middle age with the efficiency or desire to first calculate the dates similar, but different, when six people can take holidays, then filter by rental prices of holidays, remembering the budgets of friends, requirements of bathroom and secret expectations (associated with nostalgia, fear, exes and alcoholism), that remain not said, but have the power to do or undo the whole summer.

No, this is a pix betway skill years pix betway making, and one that few, understandably, are willing to assume responsibility. Holidays can only be preferred, pix betway theory times of discovery of oneself a grand and extensive journey and "travel", but more frequently times of cocktails in the morning and bed at eight. É

difícil passar férias, é o que estou dizendo. Não é fácil.

Então, estou me convencendo, as Férias Misteriosas Últimas, porque: o que é uma férias para se escapar do que já sabemos, uma chance de correr um risco de uma semana, jogar nossas pequenas vidas no ar como dados? O que é uma férias, se não um delicado equilíbrio: o conhecimento de que pode ser horrível ao lado da magra possibilidade de lindice? O que é uma férias para, se não uma chance de breve, exquisita liberdade de si mesmo? A £99, é um negócio.
