What is the most successful roulette strategy? While there is no strategy that can guarantee a profit in the long run when playing roulette, the Martingale betting system is often regarded as the most successful strategy. It is easy to use and can provide good returns.

Although roulette is a game of chance, you can win big money by playing high-risk, single number bets which pay out better than group or combination bets. Single pockets pay out 35:1 for example, so you can get a decent prize if your single number comes up as the winner.

Welcome bonus on first bets

First off, when you sign up for a new account you can bank on special free bets when you make your first wagers. BetStars always offer great welcome bonuses like free bets or cash bonuses.

Game specific promotions

There are

usually lots of other deals that refund losing wagers with free bets. Right now you can get your NFL, NBA, and MLB money line bets refunded if your team loses in overtime or extra innings. For bets on the Champions League, Premier League and Europa Cup you'll also get your bet refunded with a free bet of up to £20 if you lose because of a goal after 80 minutes.

Cash Out options and Stars Rewards program

There are lots of other

deals up for grabs but one of the things we like best is the Cash Out option. If you're getting cold feet while a bet is in progress you can lock in a profit by taking a reduced payout, regardless of whether the bet wins or loses. The Cash Out option is really useful if you have a multi-leg bet like a parlay and you've won the first few bets in the series. Since just one loss can torpedo the entire parlay, sometimes it's best to Cash Out and guarantee yourself a profit.

Finally, BetStars gives you access to

the Stars Rewards program. If you play at PokerStars or PokerStars Casino, all your rewards points end up in the same place which is great.
