What live stakes are you playing?

5BB/100 is not a crusher at 50NL, solid win rate, but definitely not a crusher. At higher online stakes sure, but 50NL you can definitely beat for higher win rates, the thing is most people who can, move up.

The conventional

wisdom I've always heard from pros and coaches is in most public games up to 5/10 sometimes higher a win rate of 10BB/hr is pretty achievable for a strong player. Which is like 30BB/100.

The confusion I'm having about your confusion is you claiming to not see many fish, because that's the answer. Your average room's 2/5 players are exponentially worse than basically any sites 50NL population. Compared to your 50NL experience, you're not seeing wayyyyyy fewer 3-bets, check raises, bluffs, etc? A very significant portion of the LLS population is playing very simple strategies with little to no basis in good theory. It changes a little bit at 5/10 and higher, but also remember the best live cash players are invited and creating good games where these astronomical win rates are still possible at much higher stakes. Plenty people in the world making R\$250K+ a year and have no problem losing R\$10K-\$25K playing a few times a year.

The reasons players are way worse in live games:

- Online is much faster, the losing players lose faster and then eventually quit faster.
- Live is slow enough they can ignore the results. Most people are pretty bad at budgetting. You go to a live 1/2 table and the vast majority will claim "I'm a break even to small winner." In reality 90% of them aren't winning at all. But especially if you play once a week or less, it's easy to not notice how much you're actually losing.
- People who are prone to the "online is rigged" thing tend to be worse players and prefer to play live.
- People who

play online are more likely to be motivated by actually winning long term whereas live players have a wider range of draws to the game -- they like socializing at the table, they feel like live poker is cool whereas online poker is for nerds, they stumbled in

drunk from the pits or the club, they're on vacation or a work trip, etc.

-  
Recreational players want to play for money that at some level feels significant when they win, and for most it seems like 1/2 2/5 does the trick for that. But online if you're a dedicated grinder you can make serious money at those stakes, so the recs do not stand a chance. They would have to play 10NL probably to even be sort of competitive and to them that feels like play money.

## Protestas a favor de Palestina en campus universitarios de todo el mundo

Las protestas en apoyo a los palestinos sitiados por Israel en Gaza se han extendido por los campus universitarios de los Estados Unidos y en diferentes partes del mundo en las últimas semanas.

Más de 2,000 personas han sido arrestadas en campus universitarios de los EE.UU. desde el 18 de abril, en medio de debates polarizados sobre el derecho a protestar, los límites del discurso libre y acusaciones de antisemitismo.

Sin embargo, mientras que los enfrentamientos y los forcejeos con la policía en la Universidad de Columbia de Nueva York, la Universidad Estatal de Portland y la UCLA han captado la atención global, las manifestaciones y sentadas también se están llevando a cabo en campus de Europa, Asia y Oriente Medio.

Y aunque las demandas de los manifestantes varían en cada universidad, la mayoría de las manifestaciones han exigido que las universidades desinvieran de las empresas que apoyan a Israel y la guerra en Gaza.

## Desarrollos en Australia

En Australia, las protestas a favor de Palestina han aparecido en al menos siete universidades.

La Universidad de Queensland en Brisbane se ha convertido en un punto de reunión para los campamentos rivales situados a unos 100 metros (328 pies) uno del otro - uno ocupado por los partidarios de Students for Palestine UQ, y otro grupo más pequeño de tiendas de campaña con la bandera israelí entre otros colgados de los árboles.

Fueron erigidos en solidaridad con los palestinos sitiados en Gaza y los estudiantes protestantes en los EE.UU., pero algunos grupos judíos dicen que causan una tensión innecesaria en el

campus y el líder de la oposición australiano ha calificado de "racistas" y "antisemitas".  
Students for Palestine UQ exigen que la universidad desvele todos los vínculos con las empresas israelíes y las universidades y que rompan relaciones con las empresas de armas.

## Desarrollos en el Reino Unido

En el Reino Unido, las protestas a favor de Palestina se han celebrado en universidades desde los primeros días de la guerra de Israel en Gaza, con algunos estableciendo campamentos en días recientes.

En la Universidad de Newcastle, un pequeño campamento a favor de Palestina ha sido establecido en un césped frente a los edificios universitarios, según mostraron videos y {img}grafías en las redes sociales.

El grupo "Newcastle Apartheid Off Campus" compartió imágenes de su campamento, que muestra alrededor de una docena de tiendas de campaña adornadas con la bandera palestina.

El grupo se describe como una "coalición estudiantil que lucha por el fin de la asociación de la Universidad de Newcastle con las empresas de suministro de defensa a Israel."

Estudiantes en las ciudades inglesas de Leeds, Bristol y Warwick también han instalado tiendas de campaña fuera de los edificios universitarios para protestar contra la guerra en Gaza, según la agencia de noticias PA.

Los campus protests in Britain have received criticism from some Jewish student groups amid calls for universities to take their duty of care to Jewish students more seriously.
