No final de janeiro, a notícia de que o músico e personalidade da internet Drake havia apostado \$1.15 milhões nas Chiefs ganharem o Super Bowl LVIII chamou a atenção de muitos. Por que essa notícia é tão importante?

Além disso, houve uma pergunta curiosa circulando entre os fãs e especialistas em apostas esportivas: a "Maldição do Drake" (Drake Curse) surtirá efeito, uma vez que ele tinha feito outras apostas altas e acabou perdendo grande quantia de dinheiro?

Este artigo explorará o mundo das apostas desportivas em geral, e a "Maldição do Drake" em particular. Além disso, examinaremos brevemente uma estratégia de aposta conhecida como "Martingale".

A "Maldição do Drake": Superstição ou Realidade?

A chamada "Maldição do Drake" tem a ver com uma sequência de casos em que Drake fez apostas altas em esportes e times específicos e acabou perdendo – com uma única e exceção recente ao fazer uma aposta multimilionária nas Chiefs.

Short-Deck Poker: How to Play 6+ Hold'em (Official Rules)

What is Short Deck

Poker?

Short-deck poker (also known as six-plus hold'em) is a new variation of traditional Texas hold'em that mostly follows the same rules albeit with a significant difference.

Short-deck poker uses a smaller 36-card deck rather than the full 52-card deck.

Most first heard of short-deck poker after it was introduced among the mix in the high-stakes cash games in Macau.

Here we go over the poker rules for Short Deck

Poker.

How to Play Poker for Beginners Check out the rules and basic strategy to all the popular poker formats [Click Here](#)

Short-Deck Poker Rules

Before we discover how to

play short-deck poker, let's see how to get to the 36-card deck needed to play a game of 6+ hold'em.

The 36-card deck in use in poker short deck is created by removing the 2xs, 3xs, 4xs, and 5xs from the deck (16 cards).

That leaves the 6xs up through the Kxs as well as the Axs.

What about the Aces?

As in regular hold'em, in short-deck poker the

aces still count as high or low when making straights.

The lowest possible straight in

a game of short-deck poker is Ax9x8x7x6x (think of the ace as essentially replacing the missing 5x).

Poker short-deck is played similarly to regular hold'em.

Each player

receive two hole cards and use them in combination with five community cards to create the best possible hand.

A game of short-deck poker features four streets of betting:

Pre-flop Flop Turn River

However, there are some differences in the poker short-deck poker that you should know about before playing.

Short-Deck Poker Hand

Rankings

Short-deck poker can be played according to the exact same rules as regular Texas Hold'em.

The betting can be fixed-limit or no-limit (although most often the game is played no-limit), and the same hand rankings can be used as follows:

Hand Ranking

Hand Name Poker Hand Lowest High card Kx6x9x8xQx One pair KK5x8xQx Two pair KK66Qx Three-of-a-kind KKK6Qx Straight A6789 Flush KJ1069x Full house KKK66 Four-of-a-kind KKKK6x Straight flush A6789 Highest Royal flush 10JQKA

For more info about the hand rankings in poker and which hand wins, visit our guide to poker hands.

Alternative Short-Deck Hand Rankings

Short-deck poker is

played often employing a different hand ranking system. Here are the alternate hand rankings for short-deck poker (note the differences in bold):

Hand Ranking Hand Name

Poker Hand Lowest High card Kx6x9x8xQx One pair KK5x8xQx Two pair KK66Qx Straight A6789 Three of a kind KKK6Qx Full house KKK66 Flush KJ1069x Four of a kind KKKK6x Straight flush A6789 Highest Royal flush 10JQKA

As you can

see, following these alternate poker short deck hand rankings a three-of-a-kind beats a straight (instead of vice-versa), and a flush beats a full house (instead of vice-versa).

Why a Different Hand Rankings?

These changes were introduced because

the removal of cards from the standard deck alter the probabilities of making certain hands.

For example, with only nine suited cards (instead of 13), a flush is harder to make in short-deck poker than in regular hold'em.

Six-Plus Hold'em Variation — The Deal (Fifth Street)

One other popular variation often introduced in six-plus hold'em has to do with the way the river is dealt.

The game can be played according to the same procedure followed in regular hold'em, with the community cards coming in the same way — flop (three cards), turn (one card), and river (one card) — and betting rounds after each street.

More often, though, instead of a river card being dealt to complete a

five-card board, players are each dealt a third hole card instead.

Players then make

their five-card poker hands by using exactly two of their three hole cards and three of the four community cards.

The building of hands resembles the procedure followed in

Omaha poker where players must use two of their four hole cards plus three board cards to make a five-card poker hand.

Short-Deck Poker Basic Strategy

As you might imagine,

the removal of low cards and use of the 36-card deck makes it more likely to make higher value hands, a change that tends to introduce more action.

You should adjust

your thinking about relative hand values from what they are used to in regular hold'em.

The smaller deck makes it easier to make two-pair hands, which means a hand like top pair-top kicker is no longer as strong in six-plus hold'em as it is in regular hold'em.

Straights and full houses are also easier to make in six-plus hold'em than in the regular version of the game (a reason for the alternate hand rankings).

The odds of

hitting certain draws change, too, in short-deck poker.

Just to highlight one example,

filling an open-ended straight draw becomes more likely in short-deck.

While

you're still looking for the same eight outs there are fewer total cards in the deck, thus increasing the percentage you'll make your straight.

The smaller deck also affects

the likelihood of being dealt certain hands. []You're more than twice as likely to get pocket aces in short-deck poker than you are in regular hold'em!

Finally, players

being dealt a third hole card instead of there being a fifth community card obviously affects hand values as well, making it even more likely that players improve their hands — yet another factor that has to be taken into account when calculating odds and considering your final-round betting strategy.

Conclusion

Short-deck poker / 6+ hold'em

introduces several exciting twists to traditional Texas hold'em, creating an action-filled alternative that many players are finding especially enjoyable to play.

The changes from regular hold'em aren't terribly complicated, making it easy to new players to learn and play right away.

Short-Deck Poker FAQ

How do you play

Short-Deck Poker? A game of short-deck poker follows the same rules and gameplay as Texas hold'em poker. The players receive two hole cards and they need to combine them with five community cards to create the best possible five-card hand. Short-deck poker, however: Uses a 36-card deck rather than the full 52-card deck

Ranks the hands

differently compared to Texas hold'em All the details to know before playing a game of short-deck poker are in this article. Why is short-deck poker so popular? The game of short-deck poker, as six-plus hold'em became famous at the high-stakes games in Macau. Due to the smaller deck, the game makes it more probably for players to hit high-value combinations. No mundo dos games, o Nintendo 64 é sinônimo de inovação e diversão. Lançado em robô br4bet 1996, o console revolucionou a indústria com robô br4bet capacidade de renderizar gráficos tridimensionais e jogos interativos. Um dos títulos que melhor explorou as capacidades do N64 foi "GoldenEye 007", um jogo de tiro em robô br4bet primeira pessoa baseado no filme homônimo da era de ouro do agente 007, James Bond.

O jogo foi um sucesso crítico e comercial, vendendo aproximadamente 8 milhões de cópias em robô br4bet todo o mundo. Seu modo multijogador, que permitia que até 4 jogadores competissem em robô br4bet partidas de deathmatch e outros modos, se tornou um clássico entre os jogadores.

Mas o que tornou "GoldenEye 007" tão especial? A resposta está em robô br4bet seu design único. O jogo apresentou níveis labirínticos e cheios de segredos, além de uma variedade de armas e equipamentos que podiam ser usados para se dar vantagem nas partidas. Além disso, o jogo oferecia uma jogabilidade desafiante, mas justa, que encorajava os jogadores a melhorarem suas habilidades e estratégias.

Em resumo, "GoldenEye 007" foi um marco na história dos games. Sua herança pode ser vista em robô br4bet títulos modernos como "Call of Duty" e "Battlefield", que herdaram a ênfase no combate multijogador e no design detalhado dos mapas. Mesmo 25 anos após seu lançamento, o jogo continua a ser uma referência na indústria dos games e uma fonte de inspiração para novas gerações de jogadores e desenvolvedores.

No mundo dos jogos de azar e apostas desportivas, conhecer o significado dos moneyline é fundamental. Os moneylines estão relacionados às chances de vitória de time ou competidor

, seja em competições esportivas, corridas de cavalos, lutas etc.

Em um cenário simples, apostar em moneyline implica apenas selecionar o time vencedor. Não há pontuação ou 'spread' a considerar - basta selecionar quem você acha que vencerá.

Os moneylines são expressos como valores positivos (geralmente representando o time underdog) ou negativos (representando o time favorito). Para as odds positivas, o número representa quanto o apostador ganharia se apostassem 100 R\$: 300 ou 550 R\$, por exemplo.

Sarina Wiegman y su preocupación por el "extraño" problema defensivo de Inglaterra

Sarina Wiegman, la entrenadora de los Países Bajos del equipo de fútbol femenino de Inglaterra, parece estar encantada con el noreste de Inglaterra y ha hablado sobre reservar unas vacaciones en familia para explorar la región. Sin embargo, si originalmente estaba pensando en visitar los castillos, la costa y quizás el Muro de Adriano, ahora puede que desee dirigirse a un

balneario terapéutico.

Una derrota por 2-1 que pone en peligro las esperanzas de clasificación automática de Inglaterra para el Euro 2025 en Suiza resultó ser estresante y, desafortunadamente, los jugadores de Wiegman sufrieron un brote del alarmante "mal de la pelota muerta" que arruinó su desempeño durante los últimos días del mandato de Phil Neville.

Dos goles de Francia que originaron en saques de esquina mal defendidos

Admitiéndolo, los goles de Francia fueron dos hermosos remates de Élisabeth de Almeida y Marie-Antoinette Katoto, pero lamentablemente ambos se originaron en saques de esquina mal defendidos.

Inglaterra necesita mejorar en defensa para evitar los playoffs

Si Inglaterra desea tener alguna posibilidad de evitar los playoffs, deberá mejorar significativamente en la defensa de los saques de esquina a tiempo para el partido de regreso del martes contra el impresionante equipo de Hervé Renard en Saint-Étienne. De lo contrario, las probabilidades estarán a favor de Suecia, no de Inglaterra, que termine segunda en el grupo y obtenga un boleto directo a Suiza.

El debut de Inglaterra en St James' Park

En una noche de primeros en Tyneside, St James' Park acogió su primer partido internacional sénior de la selección femenina inglesa con un ambiente tan bueno que la única incógnita es por qué tardó tanto la FA en llevar a las Leonas al superlativo estadio con aire de catedral.

Los locales no suelen mirar con buenos ojos a los "Mackems", presentes o pasados, aquí – solo pregunte a Jordan Pickford – pero cuando Beth Mead, exjugadora del Sunderland, lanzó a Inglaterra a la delantera, fue vitoreada hasta el cielo.

Sin embargo, el público del viernes por la noche no era exactamente el tipo de audiencia típica de St James'. Era más joven y femenino de lo habitual, pero aún así había muchos hombres. Es legítimo suponer que una parte justa de ellos no habría sido vista muerta en un partido internacional femenino hace cinco años o así.

Sin embargo, ahora estaban mirando con ansiedad mientras una lesionada Mary Earps se retiraba rápidamente para ser reemplazada por Hannah Hampton en el arco y vitoreaban a Lucy Bronze – otra exjugadora del Sunderland – a medida que avanzaba desde la banda derecha.
