Age of War invites you to discover how warfare has evolved over the ages with its intuitive gameplay and interesting mechanics. The Stone Age was not only about cave paintings, so wear your toughest animal pelts and sharpen your spears! We've got a civilization to evolve! Start as a caveman and fight with sticks and stones. Advance your civilization with the experience points you earn by defeating your enemy's soldiers. Unlock new soldiers, place defenses around your base and survive through the ages to prove you are the most powerful civilization amongst all others! Use your units cleverly and you won't be riding dinosaurs and throwing rocks for long!

The gameplay of

Age of War is engaging and intuitive. When you first start the game, you can choose the difficulty level at which you want to play. On the left side of the map, you'll see your base. You can see the health bar above it. This is the most important thing to keep your eyes on during the game. If you let your enemies come too close, they will deplete your health bar and that will cause you to lose the game. The same rule also applies to your enemy, however. Your aim is to reach your enemy's base and destroy it. In the upper left corner, you can see the amount of money and experience you have gathered. You can use that money to send new soldiers to war. Each type of unit has a different cost, so spend your coins wisely. When you reach a certain amount of experience points, you can evolve your civilization. In the upper right corner of the screen, you can plan your attack and defense strategy by placing soldiers or turrets. There is a total of 5 ages, each with a special attack you can occasionally use. Use your tools strategically and evolve your civilization!

Age of War has an addictive

progression system that makes players want to see all. Can your civilization survive through the ages and become the most powerful one? If you enjoy strategic thinking and carefully planning your moves, then why not check out our other strategy games?
