Watch in awe as every bet, call and spin of the wheel is captured in beautiful high definition at over 200 frames per second. Camera views switch automatically as the game unfolds, keeping track of all the table suspense as the ball makes its way to the pocket. At 888casino, we speak your language. 888casino plays host to players from all around the world and to serve those players as well as possible, special live roulette rooms featuring a wide variety of languages are available for

immediate action. Get the ultimate experience by joining a special live roulette game with a croupier that speaks your native tongue. All of the live roulette rooms provide a great casino-quality game, but only one puts you in the chair at an actual real casino. The Dragonara Live Roulette room provides the ultimate roulette experience, transporting players to the Dragonara Palace in Malta, one of the most luxurious casinos in the world. There, 888casino players sit in on live roulette games right alongside players that are actually in the Dragonara casino. It's the most seamless live roulette experience available online. Even the croupier's need some sleep from time to time, that's why 888casino has live-setting rooms with an auto-dealer to keep the action going 24/7. The Auto Roulette rooms have all of the same high-end features and betting options that you know and love.

The objective in ROULETTE is to predict the number on which the ball will land by placing one or more bets that cover that particular number. The wheel includes the numbers 1-36 plus a single 0 (or two zeros in American roulette). After the time allotted for betting has expired, the dealer releases the spinning ball within the roulette wheel. The ball will eventually come to rest in one of the numbered pockets within the wheel. You win if you have placed a bet that covers that particular number.

You can place many different kinds of bets on the Roulette table. Each type of bet covers a certain range of numbers, and each type has its own payout rate. Bets that are made on the numbered space or on the lines between them are called Inside Bets, while the bets made on the special boxes below and to the left of the board are called Outside Bets. Straight Up - place your chip directly on any single number (including zero). Split Bet - place your chip on the line between any two numbers, either on the vertical or horizontal. Street Bet - place your chip at the end of any row of numbers. A street bet covers three numbers. Corner Bet - place your chip at the corner where four numbers meet. All four numbers are covered. Line Bet - place your chip at the end of two rows on the intersection between them. A line bet covers all the numbers in both rows, for a total of six numbers. Column Bet - place your chip in one of the boxes marked "2 to 1" at the end of the column that covers all 12 numbers in that column. The zero is not covered by any column bet. Dozen Bet - place your chip in one of the three boxes marked "1st 12", "2nd 12" or "3rd 12" to cover the twelve numbers above it. Red/Black - place your chip on the Red or Black box to cover the 18 red or black numbers. The zero is not covered by these bets. Even/Odd - place your chip in one of these boxes to cover the 18 even or odd numbers. The zero is not covered by these bets. 1-18/19-36 - place your chip on either of these boxes to cover the first or latter 18 numbers. The zero is not covered by these bets. Click the NEIGHBOUR & SPECIAL BETS button to view a list of special bets as well as the racetrack, which facilitates the placement of neighbour bets and special bets. Re-click the button to close/re-open this feature. It will close automatically when betting time has expired.
